Professional Summary

Motivated and detail-oriented Software Developer with hands-on experience in backend, frontend, and IT support roles. Strong foundation in Java, Spring Boot, SQL, and web technologies, combined with solid problem-solving skills and teamwork experience in both corporate and international environments. Eager to contribute to creative and challenging projects, continuously learning and evolving as a developer in modern frameworks and scalable systems.

Education

BSc in Informatics and Telecommunications
University of Peloponnese, Tripoli
Undergraduate Thesis: 'Development of a Medical Data Collection and Monitoring System'

Professional Experience

Backend & Frontend Developer (IBM Project) | ManpowerGroup Greece (on behalf of IBM), Athens, Greece — Aug 2023 – Dec 2023

• Developed and maintained banking software systems for Alpha Bank (loans and accounts).

• Utilized Java, Spring Boot, HTML, CSS, XML, JavaScript, TypeScript, SQL for backend and frontend integration.

• Participated in Agile sprints, contributing to design, documentation, and testing processes.

• Ensured software reliability, performance, and compliance with enterprise standards.

Venue Technology Coordinator – Special Olympics World Games | Bluexogen GmbH, Berlin, Germany — Apr 2023 – Jun 2023

• Led all IT operations for the tennis venue during the 2023 Special Olympics World Games.

• Managed network infrastructure, Wi-Fi systems, and digital applications to ensure uninterrupted operations.

• Coordinated with vendors and stakeholders to deliver seamless technology services.

• Provided on-site support and troubleshooting for AV, POS, and digital signage systems.

IT Helpdesk Intern | Public Power Corporation S.A. (ΔEH A.E.), Athens, Greece — Aug 2021 – Oct 2021

• Provided L1/L2 technical support to end users (on-site and remote).

• Installed, configured, and maintained computers, servers, and network devices.

• Collaborated with vendors for troubleshooting and upgrades.

• Contributed to IT infrastructure improvement and ensured compliance with GDPR and security policies.

IT Help Desk | Cosmote E-Value, Athens, Greece — Jan 2021 – Aug 2021

- Delivered end-to-end resolution of technical issues related to hardware, software, and network platforms.

- Supported users via phone, ticketing systems, and email, maintaining a high satisfaction rate.

- Documented incidents and escalated critical issues to appropriate support teams.

- Collaborated across teams to resolve complex cases and implement technical updates.

Technical Skills
